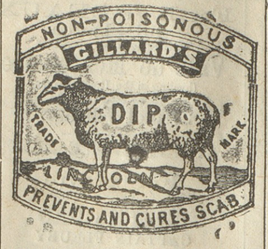
GILLARD'S SHEEP DIP



This Dip is most carefully prepared by the latest improved methods and can be used with
COLD WATER
Supplied to the Prince of Wales's Farm at
SANDRINGHAM
TESTIMONIALS.
From Mr. John J. Mahon, Capilla de Señor, June 29, 1881.—The dip which you sent me I used according to directions, and I can assure you that it gave the desired result. During four years of practical experience of curing scab in sheep, I have seen many specifics used, and I consider Gilliard's the only one that gives complete satisfaction. It improves the quality and promotes the growth of the wool. For efficiency, economy and facility of application, I prefer it to any dip I have used.
From Mr. James M. Thomas, Estancia Santa Inos, Monte, June 29, 1881.—Having given a good trial to Gilliard's Dip, I have much pleasure in bearing my testimony to its valuable quality as a Sheep Dip. It destroys all insect life with which sheep are infected, mixes readily in cold water, does not injure the hands, and softens all hard parts. I shall strongly recommend it whenever an opportunity offers. As regards the cheapness, it should command a good sale.
From Mr. Wm. Petty, Estancia Caro, Colonia, Sept. 20, 1881—
"I feel great pleasure in informing you that the sheep dip supplied by you to me under the name of Gillard's Sheep Dip has had surprising results on my English long-woolled rams; it has kept them entirely free from scab after only twice using it, although those rams have been constantly running in a flock of scabby sheep. I intend for the first time to give it a trial with the whole of my English breed of sheep as soon as I have them shorn, as I feel satisfied I shall with that did keep scab out of the flock."
From Messrs. Patrick Mahon, junr., Ciriaco Morales, and James Murray, Capilla del Señor, Sept. 18, 1881—
"It gives us great pleasure to inform you that, after giving a good trial to Gillard's non-poisonous sheep dip, we can pronounce it to be the best specific we have used as yet, and we are fullly determined for the future to use no other remedy."

LATEST NEWS.

PRESS TELEGRAMS

The following epitome of the latest news by telegraph, from all quarters, is taken from our colleagues—

Montevideo, 1st

Santos elected to-day. The vote was unanimous. Senators Flanigan, Vidal, Guchelli, Capurro, Zoa and Fernandez voted that his term be one year; all the others were for 4 years, and a stipend of 18 000 pats annually. The town is fairly deafened with cannon and rocket firing, bell-ringing, and noise of all kinds.

Flanigan, President of Senate, made a short and fulsome reply to Santos's address.

The illuminations etc. are all very splendid, but the people have staid at home, and streets are deserted.

On the Bolsa and in commercial circles Santos's nomination has excited the utmost disgust and discontent.

Montevideo 2nd.

We are enveloped in rejoicings. To-day review, Te Deum, 'refresco, fireworks and gala performance at the Solis.

To-morrow, banquet in Skating Rink.

Santos received many congratulatory telegrams from the camp.

Nobody at Te Deum but officials; public stayed at home.

Banquet to-morrow will probably be given up, as several of the foreign Ministers have refused to attend.

One of the Neapolitans accused of Betancourt's murder died in prison last night.

NATIONAL EDUCATION.

This is a proper subject to take up at this moment, when a new Minister of Instruction has just been installed in the National Cabinet.

From what we are enabled to judge of the antecedents of Dr. Wilde, we are inclined to believe that he is thoroughly cognisant of the fact that our system, or rather systems, of education are greatly in want of a complete reorganisation. We sympathise with the general complaint of the native press and the urgent clamour for a thorough reform. The complaints in reference to the National Colleges are undoubtedly well founded. A large amount of public money is expended on them, and with a very exiguous result, while the educational establishments ostensibly supported or sustained by Provincial Governments, are in still greater disorganisation. But it is to the first that Dr. Wilde will have principally to direct his energies.

In the National Colleges the system is cumbrous in the extreme. It is as if a twenty horse-power engine was set to drive a sewing-machine. Fancy twenty professors for fifty or a hundred boys! And what professors! Not a tenth part of them have been educated for the profession. Most of them secure a chair through favoritism and as an adjunct to their regular business. Even the Rectors themselves, as if their collegiate occupations should not take up all their time, are to be found cutting papers and doing the dirty work of political partisanship. In fact, in the interior provinces the Rector of a National College is always a 'big wig' amongst the politicians.

The first, and perhaps the most important point, in a practical system of National education, is to have efficient normal schools for the proper training of teachers. Without these no effective instruction is likely to be realised throughout the country at large. This is the fiat of Prussian, English and North American authorities. Why should not a normal school be attached to every National College, that would supply the wants of the provincial schools? We are aware of the scarcity of competent teachers, even for the well-paid National Professorships. When we say well-paid, we mean relatively to the small amount of work they have to perform, which allows them to attend to other occupations during the greater part of the day. It is here where we would suggest to the new Minister he should commence his innovations, or revolutions, if he likes the word better.

Why not procure a higher class of educationists, pay them well, and oblige them to devote their whole time and energy to their task? This would at once raise the standing of our disorganised and almost useless National Colleges. And there need be no extra outlay. Instead of twenty professors (sic), half that number, or a third, would be infinitely more efficacious were they really capable and devoted all their time to their work. What is the use, in the name of common sense, to have one professor for spelling, another for reading, another for writing, another for diction—one for geography, another for history, another for biography; one for jurisprudence, another for theology, &c.? One competent teacher can take upon himself the classes of Latin, Greek and Ancient History; another arithmetic, mathematics and physic, &c. The salaries delivered now to lazy and often incompetent persons for half an hour's lazy work, would be given to one capable man, and it would then be sufficient to induce him to give up all his time to the work. The Professor of English starves on his salary of eighty dollars, but give him, if proficient, the Professorships of French and German as well, he can afford to work faithfully.

We would also desire to draw the attention of the Minister to the abuse of the monitor system, by which a lazy teacher shirks all the work from his own shoulders with no benefit either to the monitor or the pupil.

Dr. Wilde, we hope, may not require advice or counsel from any one. We expect him to do his duty; but if the opinions of the Press coincide with his own, it will be easier for him to carry out his views and regenerate public instruction in this country.

THE MUNICIPALITY.

Yesterday Lord Mayor Alvear gave order to sequestrate all the match-boxes selling in this city with immoral pictures. The decree in question was not issued before public morality demanded some action in the matter, as latterly some of the match boxes selling in the streets had the most indecent pictures, and matrons could not allow them into their houses.

The Lord Mayor has also ordered the Municipal Inspector to report on the new article now imported from France called *Fuchsine*, and which is used for making French wine in this city. As to the peculiar properties of the article, we suppose we must await the report of the Inspector; but according to information sent to the Municipality, the article is so deleterious that it is prohibited in France, and the attention of the public has been called to the large import of this stuff and which has been stopped at the Custom House.

The petition of the owners of the theatres for permission to send to Europe for 'teiones' or iron screens has been rejected by the Committee of 'Seguridad,' on the ground that the committee cannot alter a Municipal ordenanza, and that the 'teiones' in question can be made here.

Respecting the lottery, as yet no appointments have been made, but bids and estimates for the printing of the tickets will be considered to-morrow.

As regards the electric light question, nothing will be done that will compromise the board, and no preliminary experiments will be for the present allowed.

THE ADMIRAL BROWN.

Devonshire House
Macaluay Road
Clapham Common—S W
January 19 1882.

Dear Colonel Urtubey

In accordance with my promise I now forward to you a report of the discussion on Mr Samuda's Paper describing the Almirante Brown. You will see that the only adverse criticisim is that put forward by Sir Edward Reed. At the request of my official superiors I did not reply to that criticism at the time, but will now do so briefly,

1. Sir Edward Reed is of opinion that the Almirante Brown could have been made longer and finer in form with advantage.

I do not agree with him. The actual dimensions were chosen by me, in designing the ship, after careful consideration. If she had been made longer, her hull would have been heavier, a greater weight of armour would have been required, and she would have been less handy. You have been a witness of the remankable rapidity with which the vessel can be turned in a very small space; this will be an immense advantage in action, and could not have been equally secured with a greater length.

Supposing handiness had been sacrificed, and greater length adopted, then the heavier hull and armour would have been more costly. Perhaps the same full speed might have been reached in this longer ship with a somewhat smaller power. But the saving on engines would not be likely to balance the extra cost of hull and armour.

Again it must be noticed that a war ship like the Almirante Brown but seldom requires to be driven at full speed. In cruising, or making passages, speeds of 6 to 10 knots are seldom exceeded. The experience gained on her passage out shows how economical a steamer she is at these moderate speeds, and I venture to assert that at such speeds she is not at all inferior, if not superior to the longer ship which Sir E Reed favoured in his remarks.

It is not a little singular that Sir E Reed has always built shorter ships of the same class than the Almirante Brown, although he now says he prefers longer. The Chilian iron clads are 30 feet shorter, and the Japanese Too Soo is 20 feet shorter. In fact his own practice contradicts his recent opinion.

On the whole, I again assert, that the actual dimensions of the Almirante Brown are excellently adapted for the purpose, and that greater length, etc would no as improvement. In that opinion I am supported by some of the best professional judges.

2. Sir Edward Reed does not like the arrangement of the armour and thinks the deck-protection inadequate.

I would remark here that the Almirante Brown has steel deck-plating twice as thick as any that Sir E Reed has employed in the Chilian or Japanese ships. He did not mention this fact.

He says 3 inch deck armour should have been used, and speaks of this as the common thickness in ships of the English Navy. But he does not say that this 3 inch deck-armour is associated with 18 inch to 24 inch side-armour, which is the fact. The Almirante Brown has deck-armour as thick in proportion to her side armour as any recent ship afloat. This seems a sufficient answer to his statement; but I may add that the Alexandra, Temeraire and other large iron-clads have not thicker deck-armour than the Almirante Brown, of less than half their displacement.

The Chilian iron-clads have a belt of armour at the water line, from stem to stern. Sir E Reed appears to think that in action these ships would be more likely to maintain their speed; when damaged above the armour than the Almirante Brown. I do not agree with his opinion, and for the following reasons.

The belt only rises 3 or 4 feet above water in the Chilian ships, when at rest. If they are driven only 10 to 12 knots in smooth water the bow-wave would rise above the belt, and flood the deck, if the unarmoured upper-works were shot through. At sea, in rough water, the flood would be more serious still if the ship were driven. But this is not all. The belt armour at the bow and stern is much thinner than amidships, probably not more than 4 or 5 inches; there is a weakly plated deck above the belt. Hence there is considerable risk of penetration either of deck or belt; and if this happens the interior of the vessels will be flooded. Perforation of the weak deck also means possible serious damage to magazines, engines and boilers.

Now turn to the Almirante Brown. Her deck-armour is twice as thick and four times as strong. Her belt-armour keeps its thickness almost constant throughout the whole length of engines, boilers and magazines. Risk of damage to the vitals of the ship is consequently much less than in the Chilian. At the ends there is no side armour; but a strong deck 4 feet under water. The thin sides may be shot through, above this deck and water admitted; but in this respect the ship will be no worse off than the belted ship. Every precaution has been taken to limit the quantity of water which can enter, and in the 'Instructions for preparing for action' this point was specially dwelt upon by me. Hence it follows that the ship has quite as good a chance of keeping her speed when the thin ends have been shot through as the Chilian belted ships have, while it must be noted that her armour deck at the ends is about four times as strong as that in the Chilian or Too-Soo.

I think this sufficiently answers Sir Edward Reed's remarks, but I must refer to one passags in Mr Samuda's speech which is open to serious objection. Mr Samuda said that a belt of 6 inch armour might have been carried to the ends of the Almirante Brown if the under-water deck had not been fitted. This is an error.

If the armour deck had not been placed where it is under water a similar deck of nearly equal thickness must have been fitted, say 3 feet above water. Mr Samuda overlooked this, and his proposal amounts to putting a vertical armour belt 7 or 8 feet deep, but with no protective deck above the belt. Of course this is inadmissible.

Neither Sir E. Reed nor Mr Samuda has been able to show that the actual arrangements of the armour and deck-plating can be improved upon: and I am happy to say that many of the most competent judges of these matters, both English and foreign, have expressed the opinion that in these features the Almirante Brown is superior to any of the existing second class armoured ships of moderate displacement.

Her speed, protection and powers of offence are at present unrivalled for a ship of her size; and I am proud to have had the honour of designing her for the service of the Argentine Republic.

I shall be obliged if you will kindly bring this communication to the notice of His Excellency Señor Garcia.

Believe me
Yours sincerely,
(Signed) *W. H. White.*
Col. C. Uturbey,
Naval Attache to Argentine Legation.

EDITOR'S TABLE

The fashionable and musical world are agog about the opening of the Colon Theatre on Sunday night next. Gomez's Guarani is the opera selected, and Borghi-Mamó, Tamagno, Battistini, Viscounte and Castlemary take the principal roles. An overcrowded house may be expected.

The unpleasantness between the two Exhibition Committees is the talk of the whole town, and the public fear that there will be a general

Can be used with COLD WATER. Sole agents MOORE and TUDOR. BEWARE OF IMITATIONS AND FALSIFICATION.

breakdown if the matter is not patched up at once. All this wretched squabbling about stamping tickets, etc, is most contemptible and makes people imagine that there is more than meets the naked eye in the matter. The works are going on languidly, and exhibitors are not showing any special hurry in preparing their sections. Yesterday a neat portable tramway on a toy-like scale was laid on the 'veredas' round the Exhibition, to facilitate the discharging of goods. This miniature tramway is the nicest thing we have seen for some time, and most useful; the trucks carry a great weight, although they are so small.

Some of our colleagues threw away quite a pot of money yesterday in windy telegrams from Valparaiso about the arrangement made there between Sr Balmaceda and Messrs Blaine and Trescott. Some of this 'telegraphic' news was published in the London papers received here a week ago, and it was all published in the New York papers. Too much telegraphic steam on.

The Montevidean telegrams say that the people down there staid at home from the illumination and other 'fandangos' on Wednesday night, got up by Santos to celebrate his own nomination to the Presidency. The mercantile community and Bolsa men are all anxious to have Latorre back again, and perhaps they may have their wish before long. We mercifully abstain from inflicting on our readers the address of the new President or the admiring reply of our distinguished countryman, Mr Flanigan, President of the Montevidean Senate. We hope President Santos will stick to his programme of order and religiosity in meeting the obligations of the country. Mr Gardener of London says he has a holy horror of even a hint at religiosity in connection with Banda Oriental finance, as it has too often been the forerunner of a collapse.

We received the following yesterday from a Slav reader:—

Dear *Standard*!

Referring to your to-day's London Letter about the foolishness of Austria in annexing Slavonians, allow me to ask you the following questions.

Are the habitants of India, the Hindoos, an English speaking nation, are so the Boers, are so the Zulus, were so the Canadians, are so the habitants of Heligoland, Gibraltar, Malta, Aden etc.?

Look into your own milkpot, you may tell to your London Letter writer, it would be far better.

A Reader

B. Aires, 2d 1882.

There is a most laughable and delicate case now under investigation by the Council of Education of the Province. We hardly know how to deal with it with the necessary reserve. It amounts to this, however: A camp schoolmaster in a rising town accuses the schoolmistress in the same of trying to lure him from the path of virtue, while she, in turn, accuses him of making fierce love to her without even mentioning the word matrimony, and of making her blush like a peony one night at a rather late hour by his language at her window, when she refused to open the door for him. The cream of the joke is that the lady is the ugliest woman in the town, and the pedagogue the most ill-favoured son of Adam in the whole province.

We inadvertently omitted, in saluting our esteemed colleague the *Courrier de la Plata* on its enlarged size and new type, to congratulate our highly talented friend M. Simonet, on his assuming the post of 'Secretaire de Redaction' to that paper. We beg to do so now. A 'Secretary of Redaction' in the journalistic world is equivalent to Secretary of Legation in the diplomatic, with this difference, that the diplomatic Sec. has nothing, or next to nothing, to do from year's end to year's end, whereas his journalistic brother has always so much to do, that if he can find time to sleep, to say nothing of eating and drinking, he is a lucky man. Such is newspaper life.

A young scamp named Fusco was near causing a smash on the Western Railway on Tuesday by changing the points at the junction near the Once that leads to the Boca. A goods train for Lujan was just getting up speed and dashed round the curve with a velocity that threatened to throw the whole train into the ditch. Master F himself was within an ace of being cut in two by the engine. We suppose that the 'dignity of man' theories held in this sensitive country preclude the possibility of this young urchin getting what he deserves, viz a sound official birching; but a good fustigation would evidently do Master Fusco all the good in the world, and we hope his respectable papa will give it to him, as the police cannot. In England he would get it from the magistrate for such an act.

We hear that all the farmers are hanging back from the 'renovacion' of their cattle marks under the new Law, and a case is being prepared for the Supreme Federal Court to quash it. There is also a general outcry against the Pellegrini system of branding and registering which the Government so unwisely adopted in preference to the Carvalho system. Mr Carvalho has added several improvements to his code and is preparing diagrams etc for the Continental Exhibition, where all the estanciero visitors to the Show will be able to see and understand his system at a glance. Sooner or later the Government will be forced to fall back on the Carvalho system, as the present one is much worse than useless.

We call the attention of the Gas companies to a letter in another column in reference to gas as fuel There is a splendid field open for sellers of gas in this direction. When the Electric Light drives them from the streets, as it is sure to do sooner or later, it will force them into a very much more lucrative groove, viz, supplying the means of cooking in private houses and warming same. The profits of gas making are large now; they will be simply prodigious then.

Yesterday morning two more nuns for the Sacred Heart Convent, Calle Rio Bamba and Tucuman, arrived in the Cosmos, having come from Chile in the steamer Magellan. Mrs Galbraith and daughter, Miss Conway, Mr Klappenback, jr. and Mr E. Mulhall went off to meet and welcome the strangers, the Port Captain having with his customary attention lent the 'falua' for the occasion. We welcome these ladies to Buenos Aires, where their institution has proved so brilliant a success.

We saw yesterday the plans of the new college or school which the 'Sacre Coeur' Order is about to build on the Flores Road. It will be one of the most magnificent buildings in this city, with a frontage of 170 yards; the study hall will be 40 yards long by 8 wide; 'en fin' there will be nothing in South America and very few buildings in Europe to rival it.

To-day Messrs Jones and Rhys start in the Monte Leon for Chubut; they take with them some 40 Welsh emigrants. On their return from Chubut they will stop at Patagones and there take the Government steamer and ascend the glorious Rio Negro to the valley of Nauquen.

We are requested to remind English-speaking Catholics that Father McNerney hears confessions this and to-morrow morning, from 7 o'clock a.m., in San Ignacio church Calle Bolivar. On Sunday there will be Mass and Sermon in English in the same church, at noon.

On Sunday next there will be grand ceremonies at the Concepcion Church, and the parish priest. Father La Torre, will impart the Papal Benediction, His Holiness having granted him, as a special favour, power to do so, on one occasion only, on his return to Buenos Aires from Rome. Dr. Espinosa, Vicar General, will preach on the recent pilgrimage to Rome conducted by him.

To-day the household furniture of an English resident at No. 52 Calle Montevideo (altos) will be sold by auction, also a large collection of English books.

Some engineers have serious misgivings as to the result of the vast drainage and levelling scheme in the south of the province. They fear that the upshot will be that the territory will be so well drained that there wont be a drop of water left for the flocks and herds. It would certainly seem more prudent to provide deposits for the surplus water, with due provision of sluices, &c., against overflows during heavy rains.

All our native colleagues hail the prospect of 10,000 Welshmen on the Rio Negro with great satisfaction. Well they may. It means life and prosperity for the whole vast south. Some of them are frightened at the big number, and start the worn-out nonsense about an 'imperium in imperio,' and the Welshmen virtually turning the Rio Negro into a British possession, their Argentine born sons refusing to serve in the National Guard, etc, etc. How is it that this kind of arrant rubbish always crops up when any really good scheme for the Republic's welfare is broached. It was the same with the Woodgate Dock. It is always the same. What a pity.

The following will interest our 'fair fashionable readers':—

"At the New York Casino ball some English girls wore false hair, curled. This is a revival of an old style in the days of the Directory, and its revival is credited to the Archduchess Luis Victor. It is called 'coiffure al a Tallien,' 'a la Ninon, 'or a la George Sand,' and consists in wearing the hair cut short and curled. Simple and child-like in her tastes, the Archduchess detests the restrictions which etiquette imposes on those born to the purple. The Archduke, on the contrary, is a stickler for established usages, and wished his wife, on state occasions to wear a coronal of jewels as befitted her rank. One evening, wearied by his entreaties, she cut off her magnificent 'chevelure,' saying, as she presented herself to her husband, 'I should think you won't ask me to wear diamonds any more.'

The Government of Cordoba has got into hot water and the Federal Court about a sale of 12 leagues of public lands to Mr Alfred Arteaga, the plaintiff. We want Land Reform here almost as badly as in Connemara.

Mr Ranzeau, husband of Nilson the great singer, went raving mad in Paris last month owing to a false report that his broker had smashed. He went about presenting all his friends with cheques for large sums, and created his butler Senator for life. On this he was locked up.

A young gentleman named Medina, who levanted from Goya with 600 pats that was n't his'n, was neatly nabbed by the police on Tuesday as he landed from the steamer Taraguy, in which he had come down. 800 sovereigns were found in his pocket. Mr Medina evidently forgot that he has the privilege of living in the age of telegraphs.

GAS AS A FUEL.

To the Editor of the *Standard*

Sir,

If the Gas Companies of Buenos Aires understood their own interest, they would, I think, supply the public of this city with a gaseous fuel at a greatly reduced price, which would soon quite oust the present solid fuel with all its smoke, dirt and costliness from every house, and produce instead domestic economy and comfort, besides increasing the dividends of shareholders ten-fold.

I am, Sir

Yours truly

P. *Progress*

ON 'CHANGE.

March 2nd

Patacons	25.—
Cedulas A	100
Cedulas E	84½
National Bank Shares	127½

The gold business this morning amounted to nil, and the probabilities are that gold operations will continue very limited unless some extraordinary event turn the market. Meantime the attention of brokers is fixed on the unexpected change in the operations in Cedulas. A speculation has set in, and as a natural consequence outsiders have entered the market and bought Series E, trusting to hopes that speculation will drive the stock to much higher prices. The gambling spirit of the public is well known, and outsiders, it may be seen, prefer to buy a fluctuating stock to investing their money in a steady investment like the Series A, with 8 o/o. On the other hand many brokers have washed their hands and will have little to do with National Bank Shares, as the stock is held by a syndicate that may drive rates to any price. As it is today one third of the Series E Cedula emission was sold on the Bolsa; speculators see that 6 o/o interest at 83 o/o value is very close on the scrip of Series A, and the amortization of the Series may leave room for 17 o/o profits in the lucky numbers. Series A, nevertheless, has risen, and we may look to the scrip above par before long. The emission of Series E, is up to the present 1,228,000 pats, so that speculators had better heed their operations, before they sell too much.

In National Bank Shares we remark a very firm market, and very little inclination to sell. As we stated before, holders entertain an idea that the stock has been already oversold for the end of the month. The Syndicate can drive prices naturally much higher if they wish, but if the present attitude is maintained we may look to very reduced operations during the month. There are few buyers in the market, and many have burnt their fingers dabbling in the stock last month. Operations to-day, nevertheless, were far more important than yesterday. People who hold the shares in hand keep them, trusting to the future of the Bank's expansion and to a steady rise in the market. The bears view matters from another stand-point, and believe in a fall before many days. Rates for cash to-day were at 127½; for end of the month the market opened at 127, rose to 127½, and closed firm at 127½.

The sales at the ring were as follows:—

Cedulas—
For cash A 20,000 100
For cash E 57,500 at 83¼-34-¼-½-85-84½
For March 31st A 15,000 100
For March 31st E 395,000 84-¼-½-⅝-¾-85-¼ to 85
For March 3rd E 5,000 84½
For March 6th A 4,000 100
Sales, 496,500.

Nat. Bank Shares—
For cash 77 shares 127½
For March 31st 2,320 shares 127-½-½
Sales, 2,417.

Our telegram from London, referring to the split between both houses of Parliament, was the talk of the market, and the opinions on the matter were varied. It is to be hoped that Havas will supply details to-morrow.

The Liquidation in the Bolsa seems to proceed quietly enough, but some slight difficulties are probable. Several brokers have been let in this time for pretty large amounts.

Several visitors to the Continental Exhibition have arrived from Europe in the Congo. We had the pleasure of seeing this morning two French gentlemen, representatives of large manufacturers of machinery in Europe.

Freights continue dull, and there is little doing in shipping circles; although there are comparatively few steamers in port, they are more than enough for the cargo offering. The news of the London wool auction will determine a change in the market. Some telegrams received in the market announce a firm opening and firm rates. The barraqueros bought pretty largely this morning in the plazas.

The Bolsa this morning presented an unusually dull aspect; at the ring there was little doing outside Cedulas of Serie E. Many brokers could be seen standing at the liquidator's counter.

It is stated that the Municipality has the intention of purchasing lamp-posts in Europe for the streets: we think it would be vastly better to grant a concession in the question to a telephone company: wires could be drawn through the posts, avoid the ungainly sight of the telephone posts on the azotea, and, furthermore, what is most important, the Corporation would not spend a farthing in the matter; this looks the best way of getting lamp-posts.

The German brig Meta has been chartered to load bales for Bremen at 17s 6d and 5 per cent.

In exchange little done: on London 49¾. Montevidean exchange ½ p cent premium.

Discounts easy at 7½ to 8 per cent paper, 6½ to 7 p cent gold p. annum.

National Bonds of 1863 offering in the market at 87: buyers at 86 p. cent.

Large quantities of produce are arriving daily in the South Plaza and the market is in full activity. Barraqueros and artisans, all are buying and the scale of operations contrasts greatly with that of the Once where there is little doing, owing to small arrivals.

Telegrams received from London to-day state that the auction opened firm at the closing prices of the last auction. It must be remembered that the closing prices of the November auction fell short of the opening rates and were fully 5 p. cent beneath the average rates at the sales.

At the corner of Jujuy and Alsina a wealthy estanciero is now erecting 15 fine, solid new houses, just the right kind of houses for 'artistas': the foundations are as solid and as fine as those of the Carabassa Bank at the corner of Piedad and Reconquista.

The arrivals in the Once this morning were unusually small—only 5,000 arrobas; all sold at firm prices. Lamb's wool is in some request. In the markets there seems to be a push and a rise in sheepskins. There is in general a better feeling in wool circles and sales are brisk.

Large numbers of sheep are offered for sale in the market at cheap rates.

In saladero produce, we heard of nothing to-day.

There was a report on 'Change that the eclipsed par-y, the topic of the whole Bolsa, had made arrangements to sue the police and the the Press for deffamation of character; damages claimed 200,000 pats.

The Deuda Amortizable of Montevideo has risen with Santos's accession to the Presidential Stool: rate 18½ o/o.

As many of our subscribers are interested in the meaning of the new Registration laws, we beg to inform them that the registration of title-deeds of property is only so compulsory since the establishment of said office of registration. Nevertheless, one is never too safe, and the registration of old deeds may be recommended: the charge is one per mil.

At afternoons about $100,000 gold was sold at 26.02½, 25.02 and 26.01. In National Bank Shares some operations were effected at 128, but business very limited; no sellers. The speculation in Series E continues strong, and over 150,000 were sold at prices fluctuating between 85 and 85½. At a late hour a sale was effected at 86 'disponible' for the end of the month. The market is firm and looks rising.

The report that the telephone wires were interrupted, turns out incorrect. The service is open to the public as usual.

Respecting the Welsh colonists, the *Standard*, reporting the interview with the minister only said that Dr. Irigoyen considered it probable that the government would agree to advance £4 to £5 per head passage money. This is what transpired.

Mr. Parry was enveloped in friends when he entered the Hall on his return from the West Coast. Mr Dowling, estanciero of the North, was also welcomed.

Dr Llambi Campbell, President of the Banco Hipotecario, left to-day for Entre Rios. The Bank will soon open branches in the provinces which is a move in the right direction.

880 new arrivals landed on the mole to-day from two steamers, Congo and Sud America.

The greatest of all news on 'Change was from the Policia, the Chief of Police having notified the Camara Syndical that Mr Stump with his lawyer Don Juan Carlos Gomez, has presented himself, and denies that he is either a fugitive or bankrupt. The news fell like a bombshell in the Hall; bulletins were scattered with full particulars, and people forgot National Bonds, Bank Shares and Cedulas for the moment, all talking about Stump.

The Municipality has just published in a pamphlet the report of the Contaduria for the past year; a most important paper, which we recommend to the attention of Municipal bond-holders. We note that the Municipality began the year 1881 with but 152,412 $m/o in the Treasury and on the 31st Dec. 1881, the amount of cash in the treasury was 2,122,919 m/o. No previous Municipality can show such figures, as throughout the year the board has carried on the most expensive Municipal improvements and paid for same. We hold for to-morrow the paper for further comment.

The Sales at afternoons were—
Gold—
Nothing done
National Bank Shares—
Without operation.

The Department of National Engineers is at present considering a most important proposal of Messrs Salustian Gallup & Co., to take over the extension works of the Tucuman Railway, and work the entire line, with branch to Santiago del Estero during 20 years. The main features of the proposal are:—

"Messrs Gallup & Co. propose to extend the railway to Jujuy and to construct the branch to Santiago del Estero, paying all expenses, and under supervision of the National Department of Engineers.

"The works to be completed in 6 years.

"The concessionaires to work during twenty years, the extension and the Tucuman Railway, and the Government to guarantee 6 o/o on the capital invested, plus 20 o/o on same. It remains to be seen what the Department of Engineers will say on the matter. We think that the proposal comes too late, since Mr Paz is now ordering all the necessary railway materials in Europe; and the Government is extending the line since last year; further more, although the concessionaires give back to the Government all the lines at the end of 20 years, there is the objectionable guarantee of 6 o/o. Since the Government has taken up the extension on its own account, better now to continue it

The engineer who undertook the supervision of the construction of the powder magazine in Rio IV, Mr Seurot, has been dismissed from the public service owing to irregularities in his charge.

The eighth Chascomus fair was inaugurated yesterday. The fair promises to be a success, and it would be pleasing to record shows of the kind in other country towns, but up to the present none have followed the example of Chascomus.

The Francisquista, Spanish barque, has cleared for Rio with 206,000 kilos of jerked beef.

The Buenos Aires Custom House receipts for the month of February amounted to $1,235,835.79; the receipts for January amounted to $1,439,144.

It is simply wonderful to see the many offers of land in the market, from 35,000 m/c per square league upwards. Good lands, nevertheless, do not suffer by this plethora of sellers, most of whom have not even seen the camps they hold. One party who bought land in the Venado Tuerto last year at 125,000 m/c, is now offered 270,000 m/c per league.

The Carmen arrived to-day from Patagones, with full cargo of wool, and Adjutant Major Bornheim on board. She was 7 days at sea. General Villegas was in Patagones when she left.

The hotels in town are gradually filling with visitors from the interior Provinces. In former years to come down to Buenos Aires from Tucuman was quite as long as a voyage to Europe.

It appears by private advices from the South that there are yet many Indians prowling between the Rio Negro and the Colorado, passing Choel-o-choel. The Indians in those far up regions have set fire to the camps, and the troops can with difficulty gallop far from the fortines. In the Nahuel-Huapi triangle, there are over 5,000 Indians, and the vicinity about there is not very safe. There are 600 troops at Roca and about 700 in Choel-o-choel; there are troops also at the Fourth Division Fort. In fact we think that the troops will find it a very difficult task to throw the Indians back on the Rio Negro.

All tickets of admission to the Continental Exhibition have been cancelled; workmen and exhibitors alone are now allowed in.

The passengers of the Congo had a very bad passage yesterday from the outer-roads, owing to the stiff gale.

The Brazilian Steamer Humaita, Capt. Meneses, will henceforward run between the Mount and this city.

We extract the following from a Paris correspondence to the London *Economist*:—

"The suspension of payments by the Union Generale caused no surprise, as it was already known that M Bontoux had been unable to obtain the assistance required for the settlement. Indeed, the disclosures of the past few days render it difficult to see how he could ever have expected to do so. The insolvency was declared to-day by the Tribunal of Commerce, as matter of course when a commercial house has returned a bill unpaid. The chairman, M Bontoux, and manager, M Feder, have both been arrested, and bail has been refused, but the particular charge brought against them is not stated. As the shares have been dealt in to-day at par, there must exist some very optimist speculators, for only one-fourth is paid-up. The original subscribers are, however, the parties really liable, as until one-half is paid, shares cannot be made "to bearer." The management of the Union Generale has, it is now seen, been gambling with utter recklessness in its own shares, especially since the meeting at which the increase of capital was voted. The operation is believed to have consisted of buying the old shares, on the one hand, through 'Agents de Change', these giving a right of allotment to the new capital, and selling the new in the 'coulisse', or outside market; but the 'coulisse' is not a recognised intermediary. It will receive no assistance from the 'haute banque', and most of the purchases will probably become void, from the inability of buyers to carry out their engagements. The liquidation of the Union Generale will, therefore, depend on the solidity of the 'coulisse', and on that point the prospect is by no means a favourable one. Several failures have already taken place, and others will no doubt follow. Those of M J Abraham and the Credit Provincial are already announced. The Union Generale is said to be a debtor for 100 millions to the 'parquet', or regular agents, and a creditor of as much to the 'coulisse'. If the report read at the meeting of shareholders in November last was a true one, the bank then held reserves and undistributed profits amounting to 63 millions. It was stated at the same time that the deposits held by the bank amounted to 132 millions, of which only 35 millions were at call, the greater part of the remainder being represented by bonds at four and five years' date."

Messrs. Oostendorp & Co., in their circular under date Feb. 3rd, report the following:—
Hides—
Imports, 7,100 dry R. Plate
7,200 salted do
Stock, 36,100 hides, viz:—
4,700 dry R. Plate
22,000 salted do
9,500 salted Rio Grande
1,500 miscellaneous
2,000 horse hides.

A steady enquiry was observed here during last fortnight, and in presence of reduced stocks, previous rates are maintained for salted as well as for dry hides.

Some B. Aires summer hair salted matadero shipments, lately received, found readily takers at f.72-76 for 20-25 kilos ox, and f.79-83 for 25-32 kilos according to quality.

Dry horse hides are neglected; quotations are:—f.3½-4 for fair to good lots weighing 6½ kilos, about f.6-6½ for desechos, and f.4-4½ for foals of 3½ kilos.

Sales sum up to—
2,700 dry River Plate
16,000 salted do
1,300 salted Rio Grande
500 miscellaneous

The quotations for following kinds of hides are:—
Dry B. Aires mat. ox, 13-15½ kilos, of fair quality f.135-140.
Do do do, of secondary quality, f.130 to f.135.
Do do cows, 10-11 kilos, of fair quality, f.125 to f.130.

Summer hair.

B. Aires saladero ox,	15-20 kilos,	f.67-70
Do	20-25	f.73-77
Do	25-32	f.81-84
Do	32-40	f.77-81
Do	cows, 14-20 kilos,	f.65-69
Do	20-25	f.76-80
Do	25-28	f.81-84

Winter hair.

B. Aires saladero ox,	15-20 kilos,	f.63-66
Do	20-26	f.68-74
Do	25-32	f.74-80
Do	32-40	f.74-79
Do	cows, 14-20 kilos,	f.62-66
Do	20-25	f.70-76
Do	25-28	f.76-80

B. Aires salted mat. hides winter hair can be quoted approximatively f.70-75 for 64-65 lbs. ox, and f.65-70 for 50 lbs. cows. River would be worth about f.5 less.

On delivery—
The two first ox cargoes of the season from the Liebig Co.'s establishment at Fray Bentos, January shipment, sold for Antwerp on private terms said to be f.77 for the hides of 25 lbs. and above, and f.72 for those under that weight.

Floating Cargoes—
No transactions were reported in England.
In Liverpool River Plate ox and cow hides rule quiet; only 2,400 heavy Fray Bentos ox found takers on private terms, besides 700 light Casa Blanca ox at 6¾d, take 4 lbs. In salted horse hides some large sales took place at about previous prices.

Leather—
Is dull in England as well as in Germany.

Tallow—
No sales for want of stock. Beef is offering to arrive at f.102-110 without attracting buyers' attention; consumers' views are about f.95-97 for that quality, and f.94-95 for mutton.

In Liverpool the market is dull.

Wool—
Imports, 13,500 bales R. Plate.
Sales by private contract—
200 bales R. Plata
50 bales Cape.
Stock at opening of auction—
15,700 bales B. Aires
1,800 bales Montevideo
100 bales Entre Rios
6,600 bales miscellaneous

A very quiet tone prevailed until opening of the auctions which commenced here on 31st January to close on 9th instant.

The three sittings held so far gave following results:—

Offered.		Sold.
2,962 bales	Buenos Aires	1,416 bales.
423	Montevideo	181
86	Entre Rios	86
280	washed	80
5,037	Australian	4,533
8,788 bales.		6,296 bales.

The Australian wools brought forward the first day sold with fair competition at about the average rates of last London public sales.

River Plate descriptions attract little attention in consequence of the depression which exists in the neighbouring manufacturing districts, caused by the stringency of the money market, and the failures reported there.

Prices for new clip B. Aires remain 10-15c. below those lately paid by private contract whereas old wools are almost unsaleable even at a similar reduction on November quotations.

As regards Montevideo shipments, the quantity offered so far is too small to allow of an opinion concerning same.

Quotations for B. Aires invoices averaging à 1 ª, viz:—
F.1.75-1.85 for superior wools, 35-36 o/o
F.1.55-1.65 for good to fair, 32-34 o/o
F.1.45 for good average, 30 o/o
F.1.30-1.40 for good average lambs', 30 o/o
Fair Montevideo shipments averaging a 2 ª, 40 o/o yield, are worth about f.1.90 to f.2.00
Scoured wools stand in at f.5.00 for fair, f.5.00 to f.5.15 for good, and f.5.20 to 25c. for superior 1 ª [washing and all expenses excluded].

Public sales in London will probably open on the 21st February.

Sheepskins—
Stock, 168 bales.
No sales.

Buenos Aires invoices, ¾ to full wool, averaging a 1 ª are worth about fr.1,65-70 for very fine quality, and fr.1.45-55 for good average.

At the Bordeaux auctions held on 1st and 2nd instant 2,800 bales were offered and 1,170 bales sold at 10c. decline on December.

We have received the following for publication in this column:—

PROVINCIAL DRAINAGE WORKS.

To the Editor of the *Standard*,

Dear Sir,

Can you tell me by what right Mr Lavalle and his surveying party a few days back cut their way on an estancia in the South through 'Five' lines of wire fences, without deigning to repair the damage, or even to have the politeness to advise the owner of the estancia that the openings had been made?

Is Mr Lavalle prepared to pay for the damage thus done out of the $50,000,000 which you say the surveys will cost?

Can you tell me where and at what rates the drainage tax is to be paid, and how the line defining who is to pay is drawn? Must camp that does not require draining contribute in same ratio as 'bañado' neighbours?

QUERY.

AUCTION
BY
Baltar & Quesada

2½ leagues of very rich
and
Special Camp
With Permanent Water
In the Partido of
BOLIVAR (San Carlos)
Adjoining the extensive estancia of
DON EDUARDO MADERO
And many other notable establishments
Stocked with thousands of Horned Cattle
and Sheep
Persons in search of special camps
should inspect these
They are superb.
Basis of sale $100,000 m|c per league
Payable at long dates
Mortgage in favor of Mortgage Bank
On Wednesday, March 8th, at 3 p.m., at our mart, San Martin 51, we shall auction the above splendid camp by order and for account of its proprietors, who are about to liquidate their partnership. It comprises 2½ leagues of land, with permanent water in a lake on the borders of the land, half of which belongs to Sr. Madero.
The richness of the pastures need no comments. Persons in reach of something superior should pay it, avisit. On the adjoining estate of Sir Eduardo Madero; there are 16,000 horned cattle and sheep, &c, and the same can be said by Messrs. Perez, Rondeau, Gazcon, Martin, Moore, Shult.
We remind interested parties of the last sale of Public Lands, lying 18 to 20 leagues farther out, which fetched $270,000 m|c per league. This land appears in the plan under the names of Castilla and Massot, and adjoining Messrs Anacleto Perez, Gregorio Loubet, Eduardo Madero, Francisco Rodeaun, and Señora Barbarita Alvarez.
Terms of Payment
DON'T FORGET—The buyer may also take out the debt owing to the Mortgage Bank $fts. 8,000, of serie E. This would make the business easy, as the Bank could be paid off very gradually.
For plans and further details, apply at our mart, 51 San Martin 51.

8,000
Hectareas Camp
IN JUAREZ
Say 3 leagues
13 to 14 leagues from the Town
Camp known as LA LARGA, LA SORTIJA and LAS TOSCAS
Tender grass with permanent water. The Camp has been divided into
5 lots of 1333 hectareas
One Lot of 1335 hectareas
Each lot ½ league more or less
Payable in instalments
Basis of sale
ps. 40 m|c per hectarea
VERY LOW PRICE.
On Wednesday, March 22d.
At 3 p. m.
At our mart San Martin 51, we will sell to the highest bidder (on above conditions) this splendid camp situated only 13 leagues from the town and surrounded with important establishments.
The camp which we offer for sale is only 5 leagues distant from the line of railway to Bahia Blanca, and is known and reputed to be covered with good class of pasture, the greatest part of it, tender grass. There are also several lakes of permanent sweet water on the land.
The conditions of sale are very advantageous with regards to payment, and for this reason we beg to call the attention of speculators in camp to this sale.
The buyer can take over 8 Bills due to Government, $186,680, i. e. $23,335 each.
The land laws allow the postponement of payment for one year on payment of 1 per cent per month interest.
Title deeds faultless.
For further informations apply at our mart 51 San Martin.

BY BALTAR & QUESADA
8 3|4 leagues Camp
In the department of
SAN JUSTO
Province of Cordoba
Superior Camps in one or more fractions
Basis of sale very low
1,000 *Pats. per LEAGUE*
Well known to be worth double
The Camps sold by the Government fetched up to 3000 pats, per league
These camps are even better and very suitable for cows or agriculture
On Sunday, March 28th
At 3 p.m.
AT OUR MART
51—San Martin—51
We will sell to the highest bidder over and above the stipulated basis, for cash, 8¾ league of splendid camp, in the department of San Justo, (Province of Cordoba). Advices we have received about the above camp are most flattering—so let those who wish to secure good land cheap, look alive.
The shape of the lot, its rich pastures, and the liberal conditions on which it is offered for sale (in one or more lots), place it within reach of agriculturists, who require small lots of excellent land.
The low valuation put on this land compared with the prices obtained by the Government, 3,000 pats, is the best recommendation we can offer.
Title deeds faultless.
For further information apply at our mart, San Martin 51.

POR LOS MISMOS
Partido de Lincoln
El Miercoles 8 de Marzo
A las 3 de la tarde
8000 Hectareas
O sean 3 leguas cuadradas
Campos sin igual en la seccion XVIII
8 años para el pago sin interes
Base de venta 40$ la hectarea
Campo de Inmenso Porvenir
Situacion Inmejorable
En nuestra casa Alsina 78
De tantos campos que se han ofrecido y se ofrecen todos los dias en venta, pocos pueden ponerse en parangon con este lote y especialmente con los que acaban de venderse en la Seccion 10 a razon de 101 ps. la hectarea, o sean 271,000 ps legua cuadrada.
El campo que ofrecemos en venta esta mensurado y amojonado por el Sr D Angel Silva, y sus pastos son abundantes y riquisimos, conponiendose en gran parte de gramilla, trebol, alfilerillo, cebadilla, cola de zorra, etc. garantiendo que no hay medanos en toda la fraccion.
Esta a igual distancia de Buenos Aires que los campos del Venado Tuerto que se venden hoy de 300 a 400,000 ps. legua.
Pocas veces se venden campos en iguales condiciones, y se vende unicamente por ausentarse uno de los socios para Europe, maxime que hay quien lo arriende hoy en 12,000 pesos (doce mil) la legua.
Para demostrar lo infimo de la base que se ha fijado para la venta, queremos recordar algunas ventas, efectuadas en estos ultimos tiempos, algunas de ellas en estos dias.
Al señor Cadmus en la Seccion XVII por 130,000 ps legua, comprada para una compañia belga que esta ya mandando los materiales para alambrar el campo.
Las 19 leguas vendidas por el Dr. D. Marcelino Ugarte al nuevo Banco Ingles a razon de 160,000 ps al contado la legua, y se poblaran a no dudarlo en poco tiempo.
Esta fraccion que anchada queda a muy poca distancia de nuestro lote.
Los campos que acaban de venderse en la seccion 10 y cuyo termino medio da mas de 245,000 ps por legua, campos infinitamente inferiores, y para que no se crea que es charla nuestra los vendedores dan al comprador, por medio de un documento, un plazo de seis meses para que puedan cerciorarse de la verdad de lo que decimos y de que si no son mejores estas tres leguas que cualquier fraccion igual de las 85 leguas de esa seccion 10, se anulara la venta y se devolvera el dinero pagado.
Muchisimos son los pobladores que hay por aquellos parages, cerca de alli la fraccion marcada en el Plano con Pirondo y Escalante esta poblada por dos vascos, a quienes se lo vendieron aquellos.
Sabido es que Lincoln es el partido que se ha poblado mas rapidamente, y lo prueban los grandes establecimientos de los señores Duggan, Ostendorp, Samsen, Ricketts, Sanford, Brown, Carabassa, Lopez, Martinez de Hoz y muchos otros vecinos pobladores, no especuladores, y que no venderian sus campos por ningun precio.
La seccion 17 que hace tan poco que fue vendida por el Goiberno de la Provincia, esta llena de nuevas estanctas como la de los Sres. Romero, Allan, Wilsou, Cabral y otros.
En cuanto a pronta comunicacion con los grandes centros, tenemos y mas lineas de ferro-carriles que no son proyectos, sino que estan ya, pues dicese, en via de construccion, y antes de dos años tendremos el ferro-carril Traasandino, que pasara cerca de este campo, y el otro que ira a Tranquelauquen.
Pocos son los campos que le quedan para vender al Gobierno de la Provincia, y pueden estar seguros los compradores que todos ellos se venderan en las mismas condiciones de la seccion 10 y del campo vendido el 7 del corriente en el partido Nueve de Julio, cuya base era de $70,000 legua y fue vendido en 945000 pesos legua al Sr Unzue.
Queremos hacer presente tambien que la gran area vendida por el Sr Don Jose G Lezama al Sr Don Eduardo Casey, queda diez leguas mas afuera que este ofrecido en venta.
Con todos estos datos y las garantias de los vendedores respecto a la bondad del campo, este vale a no dudarlo **$120 la hectarea** !!! y con los 8 años de plazo sin interes vale 350 a 400,000 pesos la legua.
Los compradores firmaran pagares hipotecarios p r los ocho plazos, entregando la octava parte al contado.
Prevenimos a los interesados que desde hoy tendremos a su disposicion un plano indicando la posicion exacta del campo, para que quedan mandar revisarlo con tiempo.
¡¡¡ Verlo y comprarlo !!!
Por mas informes a nuestra casa Alsina 78.
176 f17 m8

POR LOS MISMOS
Centralisima Propiedad
CALLE PIEDAD 520-524
Entre Cerrito y Libertad
Base de venta $350,000 m|c
AD CORPUS
El Martes 7 de Marzo
A las 3 de la tarde
Remataremos a la mas alta postura y dinero de contado por orden terminante de su propietario:
La finca que arriba se indica, construida en terreno de 14½ vs de frente al Norte por 70 vs de fondo al Sud.
La casa esta ocupada por una fonda y zapateria y se compone de 15 habitaciones de material y otras de madera, cocina y demas oficinas, un gran fondo ocupado por galpones.
Tiene un contrato que vence al fin del año, produciendo en su actual estado $2500 mensuales.
Debemos llamar la atencion de las personas que buscan terrenos y locales centrales, en calles tan comerciales y de tanto movimiento como es la calle Piedad, una de las arterias principales que ponen la parte Oeste de la Capital en comunicacion con el centro de ella, y estamos seguros que no podran menos que decir, que es difícil encontrar un local mas lindo un terreno mas apropiado por sus dimensiones para la construccion de una buena casa de familia.
En cuanto a la base se ha fijado de $350,000 para la venta, ella no puede ser mas modica, pues da un precio de 350 m|c por vara cuadrada cuando es publico y notorio que alli se han efectuado recien ventas a 500 ps vara cuadrada
Titulos de primer orden.
Por mas informes a nuestra casa Alsina 78.

"Montes del Tordillo"
En fracciones
De un cuarto de legua
O en un solo lote
Base venta ps. 350,000
En nuestra casa
78 — ALSINA — 78
El Lunes 6 de Marzo
A las 3 de la tarde
Remataremos a la mas alta postura, pasando la base arriba fijada y dinero de contado, por orden terminante de su dueño.
El campo arriba mensionado compuesto de dos leguas cuadradas mas o menos, ubicado en el Partido de Dolores, distante 7 leguas de la ciudad del mismo nombre, lindando con los valiosos Montes del Tordillo, Baldomero Diaz, Santiago Bello, Juan Lopez, escribano, y Simon Palomequa; esta marcado en el Registro Grafico de la Provincia, con el nombre de Juan A Diaz.
Es campo de superior calidad para ovejas, por las buenas cañadas que tiene, asi que en verano nunca faltan abundantes pastos.
El campo para mayor facilidad de los interesados, se ha dividido en 4 fracciones de media legua mas o menos; pero podria venderse en uno o dos lotes de una legua cada uno o sera entregado amojonado en las dos primeras casas, pues la mensura hace muy poco que fue hecho.
En cuanto a la base que son $350,000, nada tenemos que decir; este campo a las puertas de la capital vale el doble y una vez practicada la nivelacion de la parte Sud de la Provincia, valdra 50 p|s mas.
Esta propiedad reconoce una hipoteca a favor del Banco Hipotecario por valor de $f.18,000 de los cuales hay amortizados $f.2,000 y con los cuales podia seguir el comprador si le conviene.
El actual propietario vende este campo por no poder atender dos establecimientos, queriendo dedicarle todo su atencion a otro de mas afuera.
Las personas que quieran ver el campo pueden dirigirse al Sr Victor Dardegnac (Hotel del Sud en Dolores) o a Don Angel Escudero en el puesto de B Sosa, en el campo de Baldomero Diaz, lindando con este.
Por planos o mas informes ocurran a nuestra casa Alsina 78.
182 f17 m2

POR LOS MISMOS
Dos Leguas de Campo
Partido de Tres Arroyos
A 14 leguas de Juarez
PASTOS MEZCLADOS
Base de venta $170,000 m|c
En nuestra casa
7—CALLE ALSINA—78
El Viernes 3 de Marzo
A las 3 de la tarde
Remataremos por orden terminante de su dueño, con la base arriba fijada, una cuarta parte dinero de contado y el resto por iguales partes a 3, 6 y 9 meses de plazo sin interes.
Una area de campo compuesta de dos leguas cuadradas de abundantes pastos, y cuyos linderos son los señores Emilio J Perez, Juan P Cauret, Puerto de la canal y J A Lousteau.
Uno de los mejores elogios que podemos hacer de estos campos es que el Gobierno de la Provincia vendio el 7 de Febrero en este mismo partido a razon de 600,000 m|c legua, y en el de Juarez por mas de un millon de pesos legua hace apenas un mes.
El dueño de este campo al ponerlo la base de 170,000 m|c legua, ha tenido en vista atraer el mayor numero de los pequeños capitalistas para que ellos puedan comprar areas menores, relativamente a las que hoy se estan vendiendo y que ellos determinan en el acto del remate cual es el valor de esta fraccion.
Este campo esta perfectamente situado y dista unicamente 14 leguas de Juarez.
Titulos perfectos.
El remate se efectuara en nuestra casa calle Alsina 78.
c 141 f14 m3

EN SEGUIDA
400 cuadras cuadradas
En el Pueblo de RAUCH
A 8 leguas del Pueblo de Las Flores
Base de Venta $100 la cuadra
En nuestra casa
78—CALLE ALSINA—78
El Viernes 3 de Marzo
A las 3½ de la tarde
Procederemos a la venta en remate publico y dinero de contado:
De una fraccion de campo compuesta de 400 cuadras cuadradas propia para sementeras o una majada de ovejas.
Este campo dista 8 leguas del pueblo de Las Flores y linda por el N. O. con Don Ezequiel Sallago, N. E. Marcelino Silva, S. E. Sabino Martinez, S. O. Pedro Salaberry.
La base fijada para la venta es infima: 100 ps la cuadra cuadrada, pudiendo calcularse que este campito daria en arrendamiento 6 a 8000 ps anuales.
Titulos de primer orden.

POR LOS MISMOS
De Padrillos y Yeguas
Raza mestiza
PERCHERON
Nacido en el Establecimiento
Matanzas
De la Compañia Tramways de la Ciudad de Bs. As.
En nuestra casa
78—*ALSINA*—78
El Viernes 10 de Marzo
A la una del dia
Remataremos a la mas alta postura y dinero de contado, por cuenta y orden de la Compañia Tramways de la Ciudad de Buenos Aires y procedentes de su establecimiento 'Matanzas' en el partido del mismo nombre y cerca de San Justo los siguientes animales:
YEGUAS
No. 8 tordillo hija de Bayard, nacida Noviembre 1875 de tiro.
No. 15 id id Municipal, id id id id.
Id 30 id id id id id 1876 id.
Id 35 gateada id Bayard id Dbre id id.
Id 40 tordilla id Municipal id Otbre id id.
Id 56 id id id id Dbre. id id.
Id 65 gateada id id id Otbre 1877.
Id 98 mora id id id Nbre. 1878
La yegua num 30 tiene un potrillo y todas ellas con excepcion de la num 98 estan servidas por el padrillo puro Presidente.
PADRILLOS
Num 5 zebruno hijo de Presidente y yegua mestiza, nacio Octubre 1879.
Num 24 zebruno hijo de Presidente y yegua criolla, nacio Noviembre 1879.
Num 96 gateado hijo de Municipal, nacio Noviembre 1879.
'Bayard' y 'Municipal' de sangre puro fueron introducidos al pais por la compañia, comprados en el castillo 'Mille Secousse' cerca de Burdeos, *Presidente* tambien puro nacio en el establecimiento 'Matanzas' arriba mencionado.
Cremos inutil entrar en mayores detalles sobre la cria Percheron pues es una de las razas mas convenientes para la cruza con yeguas del pais, pues son animales fuertes, elegantes, fogosos y al mismo tiempo de una docilidad que no se encuentra en ninguno otra.
Tenemos una prueba de ellos en las varias yuntas que se ven en las calles de la ciudad procedentes de la cria del Sr. Cambaceres, unico criador de la raza que ha espedido hasta ahora sus productos al publico.
La Compañia del Tramway hasta la fecha habia unicamente espuestos sus crias en varias esposiciones, obteniendo siempre premios, pero sin ofrecerlas en venta; hoy que lo hace, tienen los criadores una brillante ocasion para hacerse de animales de primer orden.
Los caballos y yeguas pueden verse en las caballerizas de la compañia en las 5 Esquinas y dos dias antes del remate en nuestra casa Alsina 78.

THE SOUTHERN RAILWAY.

MR. PARISH'S REPORT.

Dear Sirs,

On my return from Buenos Aires, in company with the secretary, I am pleased to be able to report the satisfactory completion of our joint undertaking, in fulfilment of the trust you confided in me in representation of the interests of the Great Southern Railway. Full particulars of our work have already been submitted to you, but it will be convenient that in addition I should now furnish a summary of the principal facts and circumstances relatiag to our mission, which, with the report of the secretary, and the joint report of the Consulting Engineer and General Manager, annexed hereto, will enable you to convey to the shareholders in a concise form all necessary information. In the first place, as regards the actual condition of the property and its future prospects, an inquiry into which formed one of our principal duties, I am pleased to be able to report that the thorough examination made by us shows that the line, originally well and solidly built, has been efficiently maintained; and as far as the condition of the property goes, we are able to render a very satisfactory account. But it is necessary that I should inform you that an enlargement of the works, and an increase of accommodation generally, are absolutely essential to meet the great development which has taken place in the business of the railway, which development has gone on growing proportionately with each extension, and to meet which provision has hitherto been made by additions, from time to time, to the existing accommodation. This patchwork, however, no longer meets the demands made upon the railway or the general requirements of the public, and a complete scheme of improvement has been framed, embracing the reconstruction of the terminal station at Buenos Aires, the enlargement of most of the old stations to Chascomus, the acceleration of the passenger train service and a second line of rails as far as the local passenger trains extend, together with other reforms of a minor character. All the additional works, involving a considerable outlay, have been carefully considered, and I am able to speak with confidence not only as to their being necessary, but also as to their being calculated to redound greatly to the credit and advantage of the Company. I had therefore, no hesitation in sanctioning them generally, and of authorising the immediate execution of such as were most urgent, the want of which had given rise to many public complaints damaging to the credit of the company. Following up this, the general reduction of rates and fares recommended by the Local Committee, and under consideration by the Board when I left England, was carefully revised and put in operation. It may be well to observe here that the rumours which had reached the Board in London as to the unpopularity of the railway were by no means exaggerated, and I found on my arrival in B. Aires in August, owing to the attitude assumed by the Government, due in some measure to political influences, that the feeling had become greatly intensified, and that complaints of all kinds—many of an unfounded or exaggerated character—and others of a trivial nature, were being spread abroad and used to the discredit of the Comp. This made it all the more necessary to adopt a policy which would tend to remove such feeling and re-establish the railway in its former position. The official inspection made under the authority of the Board, and the sanctioning of the improvement scheme, with the reduction of rates and fares, in deference to the public wants, had a most salutary effect in influencing public opinion and removing much of the dissatisfaction felt against the Company, which was being used by the Government as a pretext for the interference with our property to the extent of threatening us with expropriation. It was evident, however, that it would be impossible to carry out all the objects we had in view and improve the property by the expenditure necessary for its development, or to entertain any plans for future extensions, so long as the Government adhered to their policy of expropriation. It became necessary, therefore, to devote all my attention to this subject, with the view of removing this formidable obstacle. Accordingly, I entered upon negotiation with the Government, the result of which, I am pleased to say, was successful, enabling me finally to dispose of all the difficulties present and future and to secure to the Company the benefits of a new extension and a strong and valuable position, with an unconditional fixity of tenure, for more than 20 years. The negotiations on this subject were prolonged for some months, and were rendered all the more difficult by the encouragement the Goverument received from financial agents in London and eleswhere offering to find the money to expropriate the line. Ultimately, however, the force of reason, combined with other circumstances, induced the Governor, who had taken a very active interest and assumed the lead in this question, to change his intentions, and doubtless one of the strongest arguments which converted public opinion to our favour was the bold and liberal offer made by me on behalf of the Company, coupled with the assurance, from an authoritative source, that the reforms and improvements which had affected public opinion would be made, all of which, together, were manifestly superior to anything the Government could obtain by perusing the doubtful and dangerous policy of expropriation.

The agreement entered into with the Government, which has since received the sanction of the legislature, may be summarised as follows:—1. The Company to construct an extension from Azul to Bahia Blanca in two and a half years. 2. An extension from Ayacucho to Tandil in three years. 3. The government to forego their right of expropriation for twenty years. 4. A maximum tariff as adjusted between the Government and the Company. These, with the improvements, which I gave the governor a written assurance would be made, comprise the whole arrangement. In adopting this course of action and agreeing to these terms with the Government, I trusted to your full approval, and I did not hesitate to use, to their fullest extent, the powers you conferred on me for the purpose, and I feel confident that when the whole scheme is submitted to the Shareholders they will give it their unqualified approval. As regards the character of the country to be served by these new extensions, and the probable cost of construction, I will add a few observations to the report of the personal inspection of our secretary, made with the consulting engineer and general manager, whose reports are annexed hereto. My visit to Buenos Aires after nine years' absence showed me that a great advance had taken place in the country during that time, and convinced me of the necessity for taking a fresh departure and that it was greatly in the interests of the Southern Railway to extend its operations and keep pace with the growing demands of the population, which was extending further and further in every direction according to the facilities of communication and transport offered. The political condition of the country, less exposed to violent disturbances since the establishment of the National Government in power in Buenos Aires, now offers more security generally for the employment of capital, and the purchase of land has been greatly promoted by the sale of Government lands in the south, which district affords most attractions, Consequent on this large numbers of persons have become interested in the buying and selling of lands in that direction, so that the whole zone lying between Azul and Bahia Blanca and beyond is now owned by enterprising natives and foreigners, a large number of whom have already commenced farming operations, and in many parts the land is beginning to be well stocked. These operations will doubtless take larger proportions when the facilities afforded by a railway, coupled with the provision of an important port of shipment, which Bahia Blanca is destined to be for all the southern districts, and other advantages, have had time to develop. The opportunity seemed to me an admirable one for negotiating for the advancement of the railway under most favourable conditions of security, and in conducting the negotiations I have pursued the policy hitherto maintained by this Company of working in harmony with the interests of the country, which I have been fortunate in carrying out in the agreement now made, and which, while improving the position of the Company by opening up a large new field of traffic, is one which confers an immense benefit on the country, felt and recognized in such a way as will doubtless, under good management, secure in the strongest manner the mutual good-will and support of the people and the Government.

I am, dear sirs,
yours faithfully
Frank Parish

37	677	85	—	90	705	00	—

Lots Nos. 237, 226, 227, 212, 211, 162, 161, 134, 133, 106, 105, 79, 78, 51, 50, 29, 28, 1, have each a superficial area of 612 hectareas 80 areas.

The basis of the sale is $20 m/c per hectarea.

All bid for will be put up to auction and the buyer may claim 30 lots adjoining at same price as be paid for first lot.

No person or Company can buy more than 30,000 hectareas.

The price of the land must be paid one tenth part cash and the remainder in 8 equal parts, one of which will be payable at the end of each year. Buyers must sign Bills for these instalments.

Should the Bills not be paid when due, the Land Office can enforce payment or declare the contract void, the buyer in this case forfeiting his first instalment.

If the amount of sale is paid cash, or, if at any period it be found convenient to pay the instalments not due, a discount of 6 per cent per annum will be allowed on said instalments.

The survey of the land must be paid at the rate of $1 m/c per hectarea.

Buenos Ayres February 11th 1882.

IGNACIO FREIRE.

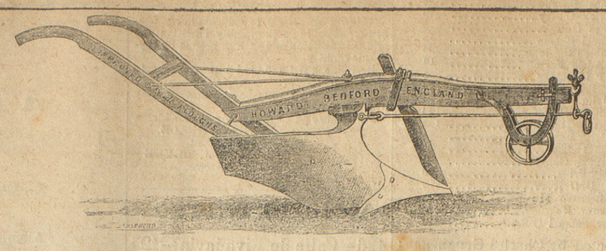
HOWARD'S CELEBRATED PLOUGHS



The above represents the well known 'Eagle 75' Plough which, and other sizes, are manufactured by J. & F. HOWARD in the highest style of workmanship, and tens of thousands are in use. Several manifest improvements have been introduced. As shown in the engraving, the body clips the beam, and the 'centre draught' is also taken from the strongest part of the iron body,—thus giving an additional security against the beam breaking at the bolt holes—a very common occurrence with American made Ploughs.

The beam is made of Oak, and can if required be fitted with a steel plate on each side.

The shares are hardened upon J. & F. HOWARD'S well known patented *water-chill* process, which renders them not only tough and hard, but ensures their wearing better and longer than made when by any other process.

Prices of the various sizes, Nos. 19, 19½, 25, 26, 55, 75, &c., sent on application.

The above Machines kept in Stock by the Principal Hardware Merchants.

Dr. J. Collis Browne's Chlorodyne

(Ex Army Medical Staff)

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—*See Times*, July 12th 1864.

The Public, therefore, are cautioned against using any other than

Dr. J. Collis Browne's Chlorodyne.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism. Gout. Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, Jan. 5th 1880. To J. T. Davenport, Esq., 33, Great Russell Street, Bloomsbury, London "Dear Sir, we embrace this opportunity of congratulating you upon the wide-spread reputation this justly-esteemed medicine, DR. COLLIS BROWNE'S CHLORODYNE, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of DR. COLLIS BROWNE'S CHLORODYNE in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleratic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a "deliberate breach of faith on the part of the chemist to prescriber and patient alike." We are, sir, faithfully yours, Symes & Co., Mombers of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists."

Extract from the General Board of Health, London, as to its efficacy in Cholera—"So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases."

CAUTION—None genuine without the words 'Dr J Collis Browne' on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

Capitania General de Puertos.

Reglamento para el fondeadero de los vapores de cabotaje, aprobado por la Superioridad.

Art. 1º Queda establecido un fondeadero especial y exclusivo para las vapores de cabotage que conduzcan passajeros.

Art. 2º Este fondeadero, determinado por boyas de fierro conicas y pintadas de colorado, se halla situado en el espacio comprendido entre los muelles de Pasageros y Catalinas, limitado por las calles de Corrientes y Temple, en su prolongacion hacia el centro del rio, y por la playa.

Art. 3º Todos los vapores que comprende este reglamento, estan obligados a fondear dentro del radio determinado, debiendo mantener siempre en sus anclas las boyas de ordenanza.

Art. 4º Ninguna otra embarcacion puede penetrar dentro de este fondeadero, bajo ningun pretesto; salvo los casos en que lo permita la Capitania o lo requiera la prestacion de auxilios.

Art. 5º Las embarcaciones menores que vayan en busca de pasajeros y equipajes deben situarse a un costado del fondeadero, hasta que la autoridad policia que esta abordo les indique pueden atracar al vapor; pero en ningun caso pueden hacerlo mas de cuatro embarcaciones a la vez, colocandose en linea al costado del desembarque; una vez que salgan estas, otras cuatro, y asi successivamente.

Art. 6º Nadie puede cambiar una boja del buque donde esta fondeada, ni hacer en ella operacion alguna.

Art. 7º—Se recomienda muy especialmente que, al fondear sus anclas, los vapores lo hagan lo mas retirado posible de las boyas, para que asi no se enreden las cadenas de aquellos con las de estas.

Art. 8º—Ningun vapor puede fondear con muerto algunos in previo permiso de la Capitania.

Art. 9º—Toda vez, que se rompa una boya o su cadena por choque de alguna embarcacion, esta responderá del dano.

Art. 10—La infraccion a cualquiera de estas disposiciones, sera penada en cuatro pesos fuertes, sin perjuicio de las demas acciones a que hubiere lugar.

Art. 11—La Ayudantia queda especialmente encargada del cumplimiento de este reglamento.

La Loteria de la Capital.

El Ministro del Interior expidio ayer el siguiente importante decreto cresndo la loteria de la Capital:

Bs. Aires, Febrero 28 de 1882.

Vista la precedente nota en que la comision municipal de la Capital solicita autorizacion para establecer la loteria en el municipio, a fin de crear recursos para el sostenimiento de los establecimientos de beneficencia que corren a su cargo, y considerando que el Honorable Congro o ha aceptado con tal objeto esta fuente de renta en el proyecto de Ley Organica de la Municipalidad sancionado en el ano proximo passado y que fue devuelto por el P E con observaciones que no se relacionan con la presente materia, el Presidente de la Republica en consejo de Ministros.

ACUERDA

Art. 1. Autorizase a la comision municipal de la Capital para establecer una loteria de Beneficencia bajo las bases determinadas en los articulos siguientes:

Art 2. La administracion y vizilancia interna deberan confiarse a una comision de personas honorables que se designara por la Municipalidad cuye servicio durara dos años y sera renovado por mitad anualmente.

Art. 3. El cargo de miembro de la comision administradora de la loteria sera gratuito e incompatible con el de empleado dependiente de la Municipalidad.

Art. 4. El sistema que debera aplicarse sera el de estraccion de una cantidad de numeros entre otra determinada con anterioridad para adjudicarles los premios que hayan sido ofrecidos.

Art, 5. La cantidad que se destine mensualmente para este objeto no podra esceder de la de 200,000 pfts. distribuidos en la forma que se considere mas conveniente.

Art. 6º—Ademas de la cantidad espresada en el articulo anterior podran sortearse tambien loterias estraordinarias siempre que en ellas se invierta una suma mayor de $f 400,000 al año.

Art. 7º—En todas las loterias debera asignarse el 80 o/o para premios, los que se repartiran en las formas en que hayan sido ofrecidos por los programas.

Art. 8º—El producido liquido de la loteria sera empleado por la Municipalidad en el sostenimiento y ensanche de los establecimientos de beneficencia de la capital, subvencionados por el tesoro publico, en la proporcion requerida por las necesidades de cada uno.

Art. 9º—La Municipalidad determinara el numero y la renta de los empleados que deban funcionar bajo las ordenes de la comision administradora y sometera a la apaobacion del Gobierne un reglamento interno de administracion en que se determinen las funciones de los miembros de dicha comision y de los empleados.

Art. 10—Los gastos que origine el cumplimiento de este acuerdo seran pagados con el producido liquido de la loteria.

Art. 11—Comuniquese etc.

Banco Hipotecario

Esta abierto al servicio publico todos los dias de trubajo desde las diez de la mañana hasta las cuatro de la tarde.

Presta sobre hipoteca con reembolso a largos plazos.

Por el valor del prestamo da cedulas hipotecarias que producen una renta igual al interes que cobra el Banco.

El valor del inmueble hipotecado no debe ser menor de $f.2000 ni el prestamo menos de $f. 500.

Los prestamos hipotecarios no pueden exceder de la mitad del valor del inmueble.

El interesado se obligara a pagar una anualidad que dure todo el termino del contrato. La anualidad se compone del interes del capital prestado, del fondo destinado a amortizarlo, y de la comision del Banco. La anualidad se divide en trimestres, y las cedulas que al presente da el Establecimiento son:

Serie E.

Dura 20 años 100 dias 6 o/o de interes, 2 o/o de amortizacion y 1 o/o de comision.

Pagadas las anualidades convenidas por todo el tiempo del contrato, queda la hipoteca redimida, y libre el deudor de las obligaciones hacia el Banco, E deudor podra liberar el inmueble, en todo o parte, anticipandose el contrato.

El que pretendiese prestamos del Banco se presentara por escrito, designando el inmueble que ofrece en hipoteca de una manera precisa, acompañando los titulos de propiedad, los boletos de contribucion directa, y espresando al mismo tiempo su estension el gravamen, o los gravamenes que deben ser levantados simultaneamente que se constituya el credito hipotecario. En la Secretaria encontraran el formulario y las tablas de amortizacion.

Los deudores por trimestres haran las entregas de 8 a 15 de Enero, 8 a 15 de Abril, 8 a 15 de Junio, 8 a 15 de Octubre.

Con el fondo cobrado por amortizacion, se rescataran cedulas por sorteos a la par, y con anticipacion de un trimestre.

Las rentas de las cedulas trimestrales las pagara el Banco de 1 a 15 de Enero, de 1 a 15 de Abril, de 1 a 15 de Julio y de 1 a 15 de Octubre.

El Banco podra servir de intermediario gratuito entre el capitalista y el hipotecario para la colocacion comercial de las cedulas. A este objeto recibira depositos sin interes, que para su colocacion tendran la prelacion con que entraron al Banco.—Estos depositos pasaran al Banco de la Provincia.

El mismo Banco Hipotecario recibe sus Cedulas en deposito gratuito, dando al depositante una libreta que servira de certificado del deposito.

El deposito se admite desde una Cedula de $f.50 que es el minimum de las que emite el Establecimiento.
